

Da Chan Bay : Introduction

.. An Ideal Strategic location for East and West PRD ..

.. Alternative gateway for Shenzhen and PRD cargo ..

Strategic Location

- The Terminal is strategically situated in Bao An District, Western Shenzhen, just north of Chiwan and Shekou.
- 20 nautical miles north of Hong Kong, 40 nautical miles south of Guangzhou, 10 kms south of Shenzhen Bao An International Airport.
- Easy access by cities on East PRD such as Dongguan, Huizhou, Shenzhen and Guangzhou. It enjoys convenient waterway linkage to West PRD ie Foshan, Shunde, Zhongshan and Zuhai.

Features : -

- Natural sea port with water draft of -15.5m.
- Five container berths equipped with dual-hoist tandem-lift quay cranes and 100% E-RTGs
- Convenient customs environment. Da Chan Bay Customs is the same level as Shekou Customs
- Serving all Pan-Pearl River Delta (PRD) cargo catchment areas by feeder/barge and truck.

- Excellent supporting road infrastructure;-

- *107 National Highway – toll free road connecting Shenzhen, Dongguan and Bao'an district*
- *Airport-He'ao Highway – connecting DCB terminals to Eastern PRD, including Longgang and Huizhou*
- *Guangzhou-Shenzhen Expressway – Highway between Shenzhen and Guangzhou*
- *Guangshen Yanjiang Expressway – connecting Hong Kong and Guangzhou*

- Competitive trucking cost for manufacturers based in Guangzhou and East PRD, such as Shenzhen, Dongguan and Huizhou.

- Convenient barge connectivity for manufacturers based in West PRD. Daily barge service is provided to/from Foshan, Zhuhai, Zhongshan and Shunde. Three sailings per week are offered to other West PRD ports.

Shenzhen City consists of 8 districts including :

Shekou district - SCT,CWN **Bao An district** – DCB
Yantian district - YICT
